

## Michelle Harris – Bio

Hi, my name is Michelle Harris and I am running for either the Vice-Chair or Treasurer positions for the District Advisory Council (DPAC).

My main goal in running for a DPAC executive position is to help our parents and children's voices to be heard and to improve the education of all students.

My experience includes:

- 7 years of PAC experience in the following positions – Chair, Secretary & Treasurer
- Volunteered at schools for various events and activities
- Many years of experience in other community organizations and groups in various roles

I believe I would be a good asset to the DPAC executive because:

- My passion for equality of education for all students
- My willingness to learn and my in-depth understanding of school PACs
- My willingness to listen to parents concerns
- My extensive PAC experience at both a high school & elementary

I am passionate, hardworking, resourceful, ethical and am willing to learn.

I care about students needs and would like to help support parents, to ensure that every child feel comfortable in their school environment and receives a quality education that they deserve. I am willing to fight for what is right.
